

# Kick-start your circular journey

3-DAY CIRCULAR SUPPLY CHAIN TRAINING

## STEP 01 LEARN

In our one-day training, we will take your team through the basics of Circular Economy, new business models and case studies.

## STEP 02 INSPIRE

The learnings of day one need to sink in first, so after one or two weeks, we will return and host a guided brainstorming session. We will not leave until your team has identified at least 5 circular opportunities within your company.

## STEP 03 IMPLEMENT

Bring the learnings into practice and kickstart the circular journey.

While your team brings the theory into practice, we will be coaching the process

## STEP 04 SHARE AND SELL

Grow your business by sharing your circular journey with your existing customer base, and potential customers.

# Kick-start your circular journey

3-DAY CIRCULAR SUPPLY CHAIN TRAINING

## Unlock The Creativity And Inspiration Of Your Team

We strongly believe that every team has the knowledge and potential to make the transition from a linear to a circular supply chain.

Our mission is to unlock their creativity and inspiration by providing professional training and coaching that empowers teams to take action.

Through our programs, participants first gain a solid understanding of the circular economy, then identify opportunities, and finally develop hands-on implementation plans. And we never lose sight of your major asset: your customers.

We will work with your team to share your journey with your customers and potential customers for profitable and sustainable growth.

By combining knowledge and coaching with hands-on implementation, we help businesses transform their supply chains into resilient, resource-efficient, and future-proof systems.

This is one of the trainings we offer. Check our website for more options.

### 3-Day Profitable And Circular Growth

STEP 1 LEARN - STEP 2 INSPIRE - STEP 3 IMPLEMENT

~~€6000~~ **€4500**/package\*

After the 1-day Introduction Circular Economy, the learnings of day one need to sink in first, so after one or two weeks, we will return and host a guided brainstorming session. We will not leave until your team has identified at least 5 circular opportunities within your company. In the last step of this training, we will support your team to bring the learnings into practice and kickstart the circular journey. While your team brings the theory into practice, we will be coaching the process.

- ✓ 1-day Introduction Circular Economy
- ✓ 1-day brainstorm session: collect internal circular economy opportunities
- ✓ 2 x 4-hour implementation coaching session
- ✓ Max of 8 multi-disciplinary participants
